BOWERHOUSES TOPPER

Born: 14 November 1992

Birth Weight: 39 kgs

Sire: Tattenhall Impeccable

Dam: Goldies Haquenee

A Show Champion many times over and the sire of champions over the length and breadth of the country. One of the great breed improvers, with a tremendous growth performance record and a wonderful temperament. If you believe that herd improvement comes from using a blend of the best of the 'old' bulls and and the best of the 'new', it may be time to use Topper again to bring size, deep muscling and consistency into your herd.
