

CATTLE LOG BOOK

INSTRUCTIONS

For us to provide the most efficient service, we would be grateful if you could check the following points each time before calling **02476 697222**.

1. Before you telephone, complete the appropriate information on the CATTLE LOG form for each animal you wish to register. You will always be prompted for information by the operator in the same order as on the form. Having everything in front of you will make the process run as smoothly as possible.
2. Make sure you have your account number to hand. You will be asked for this information everytime you call the above number.
3. Calves born dead can be birth notified free of charge in order to keep the Dam's breeding record up to date.

PEDIGREE REGISTRATION LEVY SIRES

The telephone operator will advise you of any levy and payments that will be collected with the registration fee.

EMBRYO TRANSFER

The telephone system can be used to register/notify an embryo birth, just as for a natural birth. However, the Society must continue to receive ET1 and ET amendment forms to record the flushing and implant details. NB: *The Embryo Registration Form (ET1) is to arrive at the registered office of the BCCS within 21 days of the embryo(s) being flushed.*

ANIMAL PASSPORTS

Animal Passports cannot be applied for by the British Charolais Cattle Society on our member's behalf, therefore please ensure you apply directly to the BCMS for your animal's passport.

**Please call
02476 697222**
to place your
telephone
registrations and
notifications.
This Cattle Log
is to assist you
in maintaining a
manual record of
your telephone
transactions with
the Society
